Sustainable
software & services

Benjamin Czaja

benjamin.czaja@surf.nl

Energy-efficient
HPC

Przemysław Pawełczak

P.Pawelczak@tudelft.nl

Battery-free
computing, energy
harvesting systems

Suzan Bayhan

suzan.bayhan@utwente.nl

(Sustainable) Mobile
networks & CCC

Current and upcoming activities

What we consider doing this year

- This year: Inventory of Sustainability of CCC research in the Netherlands: who's who (within CompSys and parties/researchers outside CompSys)
- Input for update to the Manifesto on topics and who-is-who

What we hear others doing

- Calendar of related events (e.g., Watt Matters in AI, NCDD, ICT.OPEN etc.)
- Meeting during events
